

Company Overview

DiversiTech Corporation

North America's largest manufacturer of equipment pads and a leading manufacturer and supplier of components and related products to the HVACR industry.

General Overview

- **Established in 1971:**
 - Entered the market with proprietary light weight concrete technology for the manufacture of engineered precast products.
- **1980-2010:**
 - Developed patented and proprietary technologies for the manufacture of equipment base pads and mounting brackets for HVAC, electrical transformers, CATV and Pool heater & pump markets.
- **Present Day:**
 - Over 15 recognized brands including:
Cladlite®, E-Lite®, Ultra-Lite®, Hef-T Pads™, The Hurricane Pad™, The BlackPad, Enviropad, Grill Pad®, DEVCO®, Wagner® and Specialty Chemical.

Supply Chain Overview

- **Product Development:**
 - 15 engineering specialists
 - Technologies include:
 - Polymer & fiber reinforced concrete, composite plastic, chemistry, E.E., Mechanical engineering & Industrial engineering.
- **Distribution:**
 - Stock over 7,000 SKUs
 - 1.5 million sq ft of manufacturing & distribution space.
 - Shipping into 34 countries
- **Manufacturing :**
 - Composite concrete (2) locations
 - Plastics injection molding, extrusion,
 - Chemical blending & packaging
 - Electronic assembly
 - Electric motors

Achievements

- Manufacture over 2.0 million equipment pads per year
- Deliver 9 different equipment pad designs
- Ship daily to over 6,000 wholesale distribution locations
- # 69 on Atlanta's top 100 private companies
- Employ 343 people worldwide
- Manufacture 85% of all SKUs we sell

Capabilities

- Excellence in thermoforming, extruded plastics manufacturing, injection molding
- Injection molding equipment

2 – Mitsubishi 950 ton injectors

1 – Mitsubishi 1450 ton injector

2 – Milacron 1500 ton injectors

1 – Milacron 3500 ton injector
